**Summary:** 25+ years of experience in the transportation industry. I have worked for, founded, managed, owned and sold companies of all sizes in the trucking industry. I have both public and private company management experience and comprehensive experience in all aspects of the transportation industry.

## **Experience:**

### **Transport Capital Partners, LLC - Lookout Mountain, TN**

**2001 - Present**

Currently I am a managing partner of Transport Capital Partners, LLC. We assist clients of all sizes with mergers and acquisitions, capital sourcing, strategic planning and operational improvements. The current client base is primarily the trucking industry but the firm has experience in all modes of transportation.

### **Boyd Bros. Transportation, Inc. - Clayton, AL**

**1998 - 2000**

Served as president and CEO of Boyd Bros. and as a member of the Board of Directors. Boyd Bros. was, at the time, the largest publicly-traded flatbed trucking company in the U.S. Responsible for operation/profitability of the company and its wholly-owned subsidiary, Welborn Transport, Inc., after the merger of Boyd Bros. and Welborn.

### **Welborn Transport, Inc. - Tuscaloosa, AL**

**1989 - 1998**

Co-founded, owned and operated Welborn Transport. Welborn was a flatbed trucking company that was founded as a 25 truck operation and grew to a 375 truck operation that was merged with Boyd Bros. in 1998. I served as president and chairman of the Board from its founding until the merger. Welborn operated a mix of company tractors and owner operators. Welborn had both company terminals and agency operations located in strategic parts of the U.S.

### **Cummings Trucking Co., Inc. - Tuscaloosa, AL**

**1981 - 1989**

Served in several capacities at Cummings, beginning as a sales representative in 1981 and moving to operations and finally to president in 1986. Cummings was a regional LTL carrier that served west Alabama. I was involved in and responsible for the transition of the company from an LTL carrier operating with company equipment to a truckload carrier operating primarily with independent contractors. The company grew from five to 125 tractors between 1986 and 1989.
